Mining Plan-of-Operations

In my decision dated September 7, 1989, American Consolidated received conditional approval for the IP claims plan-of-operations, pending submission of a \$6,000 bond. No bond has been submitted and conditional approval of the plan is hereby rescinded. No additional drilling or earth disturbing activities are permitted. You are required to reclaim all disturbances immediately to the standards expressed in the conditional approval, with work to be completed not later than December 1, 1989. Failure to complete reclamation will result in mandatory bonding for subsequent operations which would otherwise be conducted under a notice. American Consolidated may be enjoined by court order and held liable for damage for such unlawful acts.

You have the right to appeal to the Utah State Director, Bureau of Land Management, in accordance with 43 CFR 3809.4. If you exercise this right, your appeal, accompanied by a statement of reasons and any arguments you wish to present, which would justify reversal or modification of the decision, must be filed in writing at this office within 30 days after the date of this decision. This decision will remain in effect during appeal unless a written request for a stay is granted.
